Rawafie Al-Mutahidon Contracting Company

OUR STORY

More than 15 years ago, we embarked on our journey in the realm of cranes, hydraulic lifts, construction equipment, and their rental. We approached each step with a profound awareness of our responsibility to contribute to the development of the Kingdom of Saudi Arabia and to fortify its infrastructure. Initially, this aspiration seemed daunting, and the path was long; however, through our unwavering commitment and divine guidance, we have realized our vision. We continue to fulfill this ambition with pride, engaging with every client and executing each project we undertake.
Continuing the narrative... with enhanced expertise, a cohesive fleet of cranes, hoists, and state-of-the-art equipment, alongside an operational team whose efficiency we take great pride in...

OUR MISSION

Our mission aligns with the 2030 vision of the Kingdom of Saudi Arabia, focusing on the development of robust infrastructure and the establishment of smart cities. We aim to attain leadership among crane and construction equipment rental companies within the Kingdom.

Rawafie Al-Mutahidon Contracting Company

OUR FEATURES

The long years we spent in renting hydraulic cranes and construction equipment gave us sufficient experience in knowing our customers' needs and how to deal with all large and small projects and implement them professionally and with the highest quality.

Crane fleet

We will present a selection of cranes along with their specific uses, guiding you to select the most fitting option when it's time to rent.

Hydraulic Cranes

They are powerful machines that use hydraulic pressure to lift and move heavy loads. We use them for several reasons, the most important of which are:

_ High lifting power _ Precise control _ Safety and security _ Speed of completion

Note: All our cranes and equipments have TUV technical inspection certificate.

Rawafie Al-Mutahidon Contracting Company

Some of the hydraulic lifts we offer

With common uses for each lever.
